Dear Peter,

Party Manifesto Supporting Allotments

Many thanks for your letter of 20th January 2009 regarding the question of allotments.

I am both pleased and impressed to hear about the number of new allotments groups that have been set up. I have been doing my best to support local ones in this area.

I am very keen to support the value of allotments and will pass your letter along to the Policy Department also.

Best wishes,

Robert E Brown MSP
